UK'S LEADING INDEPENDENT FIRM OF PENSIONS, BENEFITS AND RISK CONSULTANTS

## About Hymans Robertson

Established in 1921, we are the UK's leading, independent firm of pensions, benefits and risk consultants. With over 700 staff in offices in London, Glasgow, Edinburgh and Birmingham, our partners and owning partners are fully involved in the day-to-day management of the firm.

We provide comprehensive advisory and management services to pension schemes, companies and financial services providers. This includes actuarial, investment and benefit consulting (including flexible benefits), third-party administration and technology solutions.

Our growing Life & Financial Services team specialise in providing targeted insurance advice in areas including risk and capital optimisation, longevity, investment strategy and product development to banks and life insurers. In terms of technology, our award-winning Guided Outcomes<sup>®</sup> (GO<sup>™</sup>) enables a more effective and strategic joined-up approach to DC scheme management by helping employers and trustees understand where your scheme members are now and keeping them on track towards reaching their retirement target income goals. The analytics behind GO are proven for over 500,000 DC scheme members in the UK to date.

Being an independent partnership means our clients dictate our priorities, not external shareholders or backers. This means that as a client you will always get the right advice for you, and that you will be able to make better and more informed decisions with the confidence that we're focusing our efforts on achieving your goals.

*"Our awards success covers the full spectrum of our services across the pensions sector. We are delighted that our drive to be at the forefront of innovation in all areas of pensions has been recognised as widely as it has with these awards. At the heart of it is our determination to remain true to our values and ensure we provide the best possible service for our clients. It is incredibly rewarding when our clients recognise this and equally so that the industry does too."*

JOHN DICKSON, Partner

***"Our members have been delighted with GO – it has had a considerable impact on member engagement with our DC plan and has been instrumental in helping ScottishPower meet its DC objectives."***
